— FOR IMMEDIATE RELEASE —

Army Corps to lower level of planned releases for Francis E. Walter Dam

PHILADELPHIA (June 7, 2007): The U.S. Army Corps of Engineers today announced that it will lower the previously stated maximum water releases for Saturday, June 9, 2007. Sunday's release will be cancelled completely, unless precipitation conditions change.

The Saturday release will be lowered to 650cfs.

This change has been made in coordination with the Pennsylvania Department of Natural Resources and the Pennsylvania Fish and Boat Commission.
