

Appendix E Manual Developers and Reviewers

This manual was updated and technically reviewed during the period 1998-2000. Some material was retained from the original version that the Topographic Engineering Center (CEERD-TS) developed during the period 1989-1993. The authors or contributors listed below provided significant material for the chapters indicated. Other contributors are noted within the chapters at the figure or plate caption. Field reviewers for individual chapters are indicated. Where no field review is indicated, the primary author or CEERD-TS performed the technical review. Overall development of the manual was coordinated by Dr. Robert Mann of CEERD-TS. MK Miles (CECW-EE), Nancy Blyler (CECW-EE), and Tom Verna (CECW-OD) coordinated HQUSACE technical and policy review/approval.

Chapter	Authors & Contributors	Field Review Group
1 Introduction	Robert Mann, CEERD	
2 Civil Works Applications	Tom Waddington, Baltimore Dist	
3 Accuracy Standards	Bill Bergen, HQUSACE Robert Mann, CEERD	Jack Wallace, NOAA
4 Accuracy Estimates	Bill Bergen, HQUSACE	James Eichholz, CEERD
5 Control & Datums	Robert Mann, CEERD	
6 Planning Survey Requirements	Harvey Beverly, Los Angeles District	
7 Positioning Techniques	Jim Garster, CEERD	
8 Manual Depth Measurement	Ray Williams, Norfolk District	
9 Single Beam Surveys	Doug Moore, Philadelphia District Al Rougeau, Odom Hydrographic Systems Knudsen Engineering Ross Laboratories Innerspace Technology	
10 Multiple Transducer Sweeps	Joe Lechner, St. Paul District Doug Moore, Philadelphia District Fred Horn, Mobile District Ed Hallquist, Detroit District Arnold Rybak, Detroit District Bob Mesko, St. Louis District Ray Elmore, New York District	
11 Multibeam Sweep Systems	Robert Mann, CEERD Luis Saenz, Galveston District Al Rougeau, Odom Hydrographic Systems Mark Mattox, EMC, Inc. NOAA Reson, Inc.	

Chapter	Authors & Contributors	Field Review Group
12 Bar Sweeps & Side Scan	Ed Hallquist, Detroit District Stan Copeland, Sea Systems Corp. Capt. Maureen Kenny, NOAA	
13 Airborne LIDAR	Jeff Lillycrop, Mobile District	
14 Dredging Surveys	Tom Verna, HQUSACE	
15 Dredge Volume Computations	Brian Shannon, CEERD Francis Woodward, Jacksonville District	
16 RTK Surveys	Brian Shannon, CEERD Fran Woodward, Jacksonville District	
17 River Engineering Surveys	Joe Burnett, St. Louis District Mark Mattox, EMC, Inc.	
18 Coastal Engineering Surveys	Larry Parson, Mobile District	
19 River Navigation Charting	Anthony Niles, CEERD Ralph Scheid, New Orleans District Fran Woodward, Jacksonville District	
20 Reservoir Sedimentation	Bob Mesko, St. Louis District TVGA Inc.	
21 Unconsolidated Materials	George Downing (CEWES) Al Rougeau, Odom Hydrographic Systems Innerspace Technology David Hodges, Savannah District	
22 A-E Contract Surveys	HQUSACE Jerry Burchfield, Jacksonville District Dennis Morgan, St. Louis District	
A References	CEERD	
B Glossary	Kevin Backe, CEERD Jim Aidala, Rock Island District	
C FGDC Accuracy Standard	Jerry Mills, NOAA	
D FGDC Data Content Standard	FGDC Bathymetric Subcommittee Nancy Blyler, HQUSACE
