## Swim Beach Reopened at Blue Marsh Lake

**July 26, 2024**

Swimming restrictions at the Dry Brooks Day Use Area Swim Beach have been lifted. Water samples from the designated swimming area have been taken daily for the past week and results indicate that bacteria levels have returned to safe levels for public swimming activities.

Visitors that choose to enter the water for activities in other areas of the lake are reminded that the water is not tested, and that swimming in all areas of Blue Marsh Lake is at one's own risk.

Updates will be provided as conditions change.

The U.S. Army Corps of Engineers wants you to stay safe. Don't become a statistic – and always be prepared for the unexpected!

To find a U.S. Army Corps of Engineers project near you visit [www.CorpsLakes.us](http://www.CorpsLakes.us).
