Army Corps of Engineers Solicits Public Comment on Draft Environmental Assessment for the Oakwood Beach Storm Damage Reduction Project, Salem County, New Jersey.

PHILADELPHIA (November 2013) The U.S. Army Corps of Engineers today released for public comment its Draft Environmental Assessment (Draft EA), dated November 2013, for the Oakwood Beach, NJ Storm Damage Reduction Project. The Draft EA was prepared to evaluate changes to the affected environment and changes to the Project since completion of the April 1999 Final Feasibility Report and Integrated Environmental Assessment.

Electronic copies of the Draft EA can be downloaded from the Corps' website at www.nap.usace.army.mil/publicnotice. To request paper copies, please write or e-mail to the addresses below or call (215) 656-6515. Comments may be submitted via regular mail to the Environmental Resources Branch, Philadelphia District, U.S. Army Corps of Engineers, Wanamaker Building, 100 Penn Square East, Philadelphia, PA 19107. Comments may also be submitted via e-mail to the [Public Affairs Office](#). Please submit all comments by December 30, 2013.
