

Francis E. Walter Dam Re-Evaluation Study

Goal for Public Meeting

The meeting is an opportunity for the general public and stakeholders to learn more about the study process. Participants are invited to interact with project team members around the meeting room and to provide comments and initial feedback.

Some notes on the meeting:

- The full presentation and other background materials will be posted to the study webpage: <https://www.nap.usace.army.mil/Missions/Civil-Works/Francis-E-Walter-Dam/Reevaluation-Study/>

Oral public comment session:

- Due to time constraints during the open microphone public comment session, participants will be limited to **two minutes** for comments.
- At the welcome table, please sign-up to speak during the oral public comment session.
- Due to time constraints, organizations/interest groups are encouraged to have representatives make comments on behalf of larger groups
- Study team members won't be answering specific questions in a back-and-forth manner, but will attempt to address key themes and questions at the end of the session.

Written Comments:

After tonight's session, please feel free to submit your thoughts:

- Via email to PDPA-NAP@usace.army.mil
- [In writing to:](#) U.S. Army Corps of Engineers, Planning Division, 100 Penn Square E., Philadelphia, PA 19107;
- There will also be future public comment opportunities as part of the formal National Environmental Policy Act process.

Code of Conduct

- Public meeting attendees should understand and respect the fact that the safety and security is the highest priority for the study team. Security officers will be present in the room. All are asked to behave in a professional manner during the course of the meeting.
