U.S. ARMY

U.S. ARMY CORPS OF ENGINEERS PHILADELPHIA DISTRICT FY26 FORECAST OF CONTRACTING OPPORTUNITIES (20 OCT 2026)

The **Forecast of Contracting Opportunities (FCO)** provides the Philadelphia District's (NAP) **anticipated acquisitions for informational purposes only**. It does **not** represent a pre-solicitation notice and does **not** constitute an Invitation for Bid (IFB), Request for Quote (RFQ), or Request for Proposal (RFP).

Publication of an item in this forecast **does not commit** the Philadelphia District or the U.S. Army Corps of Engineers to purchase the products or services described, and **does not guarantee funding or an award**. All projected requirements are **subject to change or cancellation** based on funding availability, real estate actions, environmental permits, and other mission considerations.

This forecast **does not include all upcoming opportunities** and may be **updated as new requirements are identified**. Acquisition strategies listed in the FCO are **preliminary** and may change as market research and requirement development continue. Items shown as "**SBSA**" (**Small Business Set-Aside**) indicate the requirement is expected to be reserved for small business competition; however, the final **socioeconomic category** (e.g., HUBZone, SDVOSB, WOSB, 8(a)) will be determined through further market research, if necessary. Small businesses are encouraged to respond to NAP **Sources Sought Notices** to assist in shaping acquisition strategies.

All final acquisition decisions are made by the **Contracting Officer** in accordance with applicable acquisition regulations. Projected advertisement quarters are **estimates** of when NAP anticipates posting solicitations on **SAM.gov**.

To view active Philadelphia District opportunities, search **Keyword: W912BU** on **SAM.gov** for procurements over \$25,000. Please note that **NAICS codes are subject to change** as requirements are refined.
