B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: The area of review is an existing upland road crossing to which additional road base was added. Waters/wetlands appear to exist beyond the limit of work. These areas were not reviewed for jurisdiction since the limit of investigation of unauthorized work was contained to the existing upland road bed.

¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.
